

5/30/2022

While we have had limits on building access due to COVID, we are adding some additional precautions because the safety and security of our students and staff are our highest priority. After the horrific Buffalo and Texas Mass Shootings, any person who wishes to enter a school MUST call ahead and obtain prior approval to enter the building. If you are invited to the building for a parent meeting, you must come at the scheduled time or call and reschedule the appointment. This includes parents, caregivers, siblings, and vendors; NO EXCEPTIONS will be made. This will also apply to anyone picking up students before our 3:15 dismissal time. All COVID precautions, including masks for all visitors, remain in place.

For the safety of all, the school door will remain locked and alarmed. We have camera monitors at the front entrance. After a visitor rings the bell, they will need to announce their name and their student's name or the person they have an appointment with before being buzzed into the building. When you enter the office, you will need to enter a valid ID into our Lobby Guard system. This system allows a contact-less system that ensures we know who is in the building while screening for sex offenders. This policy is for all visitors, even those who have regularly been at the building prior.

We apologize for any inconvenience this may cause you, but we must put your students' safety first.
