

Hello Home-based Learning Families,

We are so glad that you will be taking part in home-based learning with us this school year! Although school will be very different than it has been in the past, the teachers at Westminster are dedicated to providing a quality education to our students both in school and at home!

Learning from home will look a lot different than it had in the spring when we were forced into remote learning. The first thing that will be very different is that we will have a pretty strict schedule each day. Every grade level has a schedule with Hyperlinks that will take students to live lessons for core subjects with teachers via Zoom. They will also have links to activities they can do for their special classes such as art, music, and physical education. The document that has this schedule and links is crucial to home-based learning! This is where students will go each day to access their educational materials and lessons! **The link to this schedule and to the grade level Google Site was emailed to all students. Teachers may have also shared the links through Dojo or they may have even emailed these links to parents/guardians.**

The grade level Google Site can be accessed with a link that is provided by the classroom teachers. This Google Site will link students to their schedules and their Google Classrooms. Each grade looks different, but the Hyperlink Schedules will look similar to this:

8:15 - 9:45	Reading with Mrs. Gorsky	
	Classroom 	Zoom 
9:50 - 10:20	 Art (M,Th)	 Phys. Ed. (T, W, F)

This schedule is the most important document for students to attend to each day!!

Please contact your students' teachers if you are having trouble accessing the Google Site and/or the Student Hyperlink schedule. They will do their best to walk you through it, but if they can't, they can get you in touch with someone who can help.

Thank you,
