

2022-2023 - Bullying Incident Report

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. The behavior is intentional and purposefully carried out in order to cause harm to another person or group of people.

Please use this form to inform a WCCS administrator and counselor about the bullying concern that you have. Once this referral is received, we will follow up with involved parties and also with you.

You are welcome to report bullying anonymously. If an anonymous referral is submitted, we will not be able to follow up with you, but will address the incident that has been reported.

** Indicates required question*
